

PURPOSE

This policy will provide guidelines to:

- ensure all adults and children at Highvale Preschool are treated equitably and with respect, regardless of their background, ethnicity, culture, language, beliefs, gender, age, socioeconomic status, level of ability, additional needs, family structure or lifestyle
- promote inclusive practices and ensure the successful participation of all children at Highvale Preschool.
- create a positive mental health and wellbeing environment for children, educators, staff and families at Highvale Preschool.

VALUES

Highvale Preschool is committed to:

- acknowledging and respecting the rights of all children to be provided with and participate in a quality early childhood education and care program
- creating an environment that supports, reflects and promotes equitable and inclusive behaviours and practices
- creating a sense of belonging for all children, families and staff, where diverse identities, backgrounds, experiences, skills and interests are respected, valued and given opportunities to be expressed/developed
- ensuring that programs are reflective of, and responsive to, the values and cultural beliefs of families using the service, and of those within the local community and broader society
- working to ensure children are not discriminated against on the basis of background, ethnicity, culture, language, beliefs, gender, age, socioeconomic status, health status, level of ability or additional needs, family structure or lifestyle.
- considering the mental health and wellbeing needs of all children, families and staff.

SCOPE

This policy applies to the Approved Provider, Persons with Management or Control, Nominated Supervisor, Person in day-to-day Charge, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Highvale Preschool.

BACKGROUND AND LEGISLATION

Background

The National Quality Framework (NQF) recognises all children's capacity and right to succeed regardless of diverse circumstances, cultural background and abilities. Education and care services must hold high expectations for the learning and development of all children, and at the same time recognise that every child follows an individual learning path and will progress in different and equally meaningful ways. Inclusion involves taking into account children's social, cultural and linguistic diversity (including learning styles, abilities, disabilities, gender, family circumstances and geographic location) in curriculum decision-making processes. Early childhood education and care services must implement responsive, equitable, individualised opportunities and additional support whenever barriers are identified.

The NQF is underpinned by a commitment to 'Closing the Gap' and acknowledges Australia is a nation of great diversity, and an ancient land that has been cared for by Indigenous Australians for many thousands of years. Education and care services have a shared responsibility to support children, families, colleagues and the local community to understand, respect and value diversity.

State and Commonwealth laws prohibit discrimination based on personal characteristics, including race, age, gender, religious belief, disability or illness and parental status.

Under the Child Safe Standards, services are expected to provide environments and activities that encourage all children to participate in and celebrate their identity. The standards are underpinned by three overarching

principles which require services to take into consideration the increased vulnerability of Aboriginal children, children from culturally and linguistically diverse backgrounds and children with disabilities.

The Victorian Government requires funded organisations to ensure that their policies and procedures promote equality of opportunity for all children to enable their full participation in kindergarten. A service's philosophy should reflect the values of inclusion and equity which are supported by developing and implementing an inclusion and equity policy. Developing professional knowledge and skills, and using family-centred practice (refer to *Definitions*) to work in partnership with children, families, communities, and other services and agencies, will assist services to identify, include and support children with additional needs and their families.

DEFINITIONS

Additional needs: A broad term relating to challenges experienced across a number of areas including physical health, mental health, disability, developmental concern, or emotional need (resulting from trauma, abuse or grief), family displacement (due to war or refugee status), domestic violence, mental illness, family separation or divorce, which affects a person's ability to participate or learn.

Culture: The values and traditions of groups of people that are passed from one generation to another.

Culturally and linguistically diverse (CALD): Refers to individuals and groups who are from diverse racial, religious, linguistic and/or ethnic backgrounds.

Developmental delay: A delay in the development of a child under the age of 6 years that: is attributable to a mental or physical impairment, or a combination of mental and physical impairments, and is manifested before the child attains the age of 6 years, and results in substantial functional limitations in one or more of the following areas of major life activity:

- self-care
- receptive and expressive language
- cognitive development

- motor development, and
- reflects the child's need for a combination and sequence of special interdisciplinary or generic care, treatment or other services that are of extended duration and are individually planned and co-ordinated (*Disability Act 2006 (Vic)*).

Disability: In relation to a person, refers to:

- a sensory, physical or neurological impairment or acquired brain injury, or any combination thereof, that:
 - i. is, or is likely to be, permanent, and
 - ii. causes a substantially reduced capacity in at least one of the areas of self-care, self-management, mobility or communication, and
 - iii. requires significant ongoing or long-term episodic support, and
 - iv. is not related to ageing, or
- an intellectual disability, or
- a developmental delay (*Disability Act 2006 (Vic)*).

Diversity: Refers to all characteristics that make individuals different from one another, including race, religion, language, ethnicity, beliefs, age, gender, sexual orientation, level of ability, additional needs, socioeconomic status, educational attainment, personality, marital and/or parental status, family structure, lifestyle and general life/work experience.

Early Start Kindergarten: A funding program that enables three-year-old Aboriginal and Torres Strait Islander children, and children known to Child Protection, to attend a free kindergarten program that is planned and delivered by an early childhood teacher for a specific number of hours.

Equity: (In the context of human rights) is the behaviour of acting in a fair and just manner towards others.

Family-centred practice: Practice which:

- uses families' understanding of their children to support shared decision-making about each child's learning and development
- creates a welcoming and culturally-inclusive environment, where all families are encouraged to participate in and contribute to children's learning and development
- actively engages families and children in planning children's learning and development
- provides feedback to families on each child's learning, and provide information about how families can further advance children's learning and development at home and in the community.

Inclusion: The engagement and involvement of children and families to ensure that all individuals have an equal opportunity to participate and achieve their maximum potential.

Kindergarten Fee Subsidy (KFS): A state government subsidy paid directly to the funded service to enable eligible families to attend a funded kindergarten program or funded three-year-old place at no cost (or minimal cost) to promote participation. Details are available in *The Kindergarten Guide* (refer to *Sources*).

Kindergarten Inclusion Support Packages: A package of support for children with a disability and high support needs and/or with complex medical needs..

Mental health in early childhood can be understood as a young child's ability to experience, regulate and express emotions; form close and secure interpersonal relationships; and explore the environment and learn – all in the context of family, community and cultural expectations for young children. Infant mental health is synonymous with healthy social and emotional development (from *KidsMatter* – refer to *Sources*).

Out-of-Home Care: Is the term used in Victoria when a child or young person is placed in care away from their parents. It includes placement in kinship care, home-based care such as foster care and residential care. For these children, the State of Victoria is their legal their parent, and with this comes the responsibilities of a parent to care

Immunisation information for parents enrolling a child

Enrolment requirements in Victoria

By law¹, to finalise enrolment for your child in long day care, kindergarten, family day care or occasional care you must provide the service with an immunisation status certificate that shows your child is:

- up to date with vaccinations for their age OR
- on a vaccine catch-up schedule OR
- has a medical condition preventing them from being fully vaccinated.

What is an immunisation status certificate?

It is a statement showing the vaccines your child has received. The most common type of immunisation status certificate is an Immunisation History Statement from the Australian Childhood Immunisation Register².

‘Homeopathic immunisation’ is not a recognised form of immunisation.

What is this document used for?

To finalise enrolment. To accept an offered place at a service, you must provide the service with an immunisation status certificate. This would usually be done within two months before your child is due to start at the service.

To keep children safe. If there is a disease outbreak at the service, the document is used to identify children at risk (for example, children too young to be fully immunised against a disease) who may need to stay away from the service until it is safe for them to return.

What if I cannot get this document?

In some circumstances a 16 week ‘grace period’ can be applied, so your child can start at the service while you organise the document. The service can advise if this applies to you.

1. Under the Public Health and Wellbeing Act 2008, in effect from 1 January 2016
2. The Australian Childhood Immunisation Register is likely to be renamed ^[1]the Australian Immunisation Register in September 2016.

How do I get an immunisation status certificate?

Request an Immunisation History Statement from the Australian Childhood Immunisation Register (ACIR)

- phone 1800 653 809
- email acir@medicareaustralia.gov.au
- visit www.medicareaustralia.gov.au/online
- visit a Medicare service centre.

See your doctor or local council

A doctor or local council immunisation service can also provide an immunisation status certificate. To be used for enrolment, the document/s needs to contain the same details as an ACIR Immunisation History Statement and be signed by the immunisation provider.

How do I tell if my child is 'up to date'?

Review your child's most recent ACIR Immunisation History Statement. At the bottom of the statement there is a section titled 'Next due immunisation(s)'. If the date ^[1]_[SEP] of the next due vaccination is in the future, then your child's immunisations are up to date for their age.

If your child has completed all their childhood vaccinations there will be no vaccines listed under the 'Next due immunisation(s)' heading.

What do I do when my child has vaccinations AFTER enrolling?

After each vaccination, you should provide an updated immunisation status certificate to the service to include in their records.

Getting the right documentation

Lost ACIR Immunisation History Statement

Contact the ACIR for a replacement statement. These can also be downloaded and printed from the Medi-care website at any time.

Incorrect ACIR Immunisation History Statement

If vaccines are missing from a statement, contact the doctor/nurse to check if the records were sent to the ACIR. Once the updated information is received by the ACIR, a corrected Immunisation History Statement can be re-issued to you on request.

Overdue for a vaccination

See a doctor/immunisation nurse. The doctor/nurse will provide the vaccine and inform the ACIR. Once the updated information is received by the ACIR, an up-dated Immunisation History Statement can be issued to you on request.

Overdue for multiple vaccinations

See a doctor/immunisation nurse. The doctor/nurse will develop a 'catch-up schedule'. Your doctor can provide you with an immunisation status certificate.

Medical reasons can't be fully vaccinated

See a doctor. The doctor will provide information to the ACIR and, on request, the ACIR will issue you with a Statement that says 'up to date' and notes which vac-cines your child cannot receive for medical reasons.

Overseas vaccination

See a doctor/immunisation nurse. Overseas vaccination schedules may differ from the Australian schedule and need to be checked by a doctor/nurse who will transfer the information to the ACIR. An Immunisation History Statement will then be issued to you by the ACIR at your request.

Questions or concerns Seek advice from a medical doctor or immunisation nurse.

Why immunise?

It is important that children are fully vaccinated before they start childcare or kindergarten to:

- help protect them from diseases that can be prevented by vaccination
- help protect others who cannot be vaccinated for medical reasons from being exposed to these diseases.

Immunisation is a proven and safe way to be protected against diseases that cause serious illness and sometimes death.

Childhood immunisation schedule

Children should be vaccinated at birth, 2 months (from as early as six weeks), 4, 6, 12 and 18 months of age and 3½-4 years of age.

To find out what immunisations your child needs:

- see your doctor or contact your local council immunisation service
- view the schedule of vaccinations online at www.betterhealth.vic.gov.au
- receive reminders when your child's immunisations are due; download the free VaxOnTime Victoria app, available for iOS, Android and Windows devices.
